Modernize your space

WHILE PROTECTING IT

EndurmoPoxy's environmentally friendly epoxy is slip and spill resist, easy to maintain, and can encapsulate asbestos. The protective shield is seamless, available in many colors, and can be applied right over existing flooring. All this and EndurmoPoxy can be less expensive than a new floor covering.

PROCESS INCLUDES

- Prep Floor
- Epoxy Installation
- Seal Coat

SAVE TIME & MONEY

Endurmo's restoration processes save upfront renovation costs and reduce ongoing maintenance.

RENEW YOUR SPACE

Have all the fun of that newly renovated wow factor while still making a smart move financially.

PROTECT YOUR INVESTMENT

As a protective barrier on hard surfaces, your space will have that brand new look for the long haul.
